METAL DECK NOW AVAILABLE IN STOCK IN ATLANTA

Immediate Availability of Corrugated Metal Deck Cuts Lead Times And Transportation Costs

Atlanta, GA, 12/12/2011 – The nation’s largest metal deck distributor, A.C.T. Metal Deck Supply is announcing the opening of their 11th location in Atlanta, GA January 2012 to better service the southeastern construction industry.

“Our distribution centers allow our company to meet customers’ needs with lower costs, tighter turnaround times, and better overall service,” said Nick V. Polizzi, President of A.C.T. Metal Deck Supply. “When a customer has a short lead time or a roofing contractor runs into rusted deck while replacing a leaking roof, they need it now.”

“We are based out of Atlanta but do business all over and it has been very convenient knowing we can pick up deck in Chicago, St. Louis, Columbus and now Atlanta with little notice” stated Scott Huyge, President of Sta-Dry Roofing. “This has allowed our projects to keep moving along without delay. Where in the past, it was never easy to get deck in a hurry.”

The official announcement of the Atlanta grand opening will take place at this year’s International Roofing Expo February 22nd – 24th in Orlando, FL. The new facility has a complete inventory and has been operational as of January.

A.C.T. Metal Deck supply has over 42 years of experience in the industry and a complete inventory of metal roof deck, form deck, and composite floor decks in stock now at 11 locations including: Aurora, IL; Kansas City and St. Louis, MO; Indianapolis, IN; Columbus, OH; Ft. Worth and San Antonio, TX; Jacksonville, FL; Greensboro, NC; and Lenoir City (Knoxville), TN. They are a full service supplier also providing specialty stainless steel, cellular and acoustic decks, construction drawings, and handle projects of any size throughout the U.S. and abroad.
