## Dataforma, Inc. Receives 2008 Best of York Award

WASHINGTON D.C., December 15, 2008 -- Dataforma, Inc. has been selected for the 2008 Best of York Award in the Computer Software category by the U.S. Local Business Association (USLBA). The USLBA "Best of Local Business" Award Program recognizes outstanding local businesses throughout the country. Each year, the USLBA identifies companies that they believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and community.

Various sources of information were gathered and analyzed to choose the winners in each category. The 2008 USLBA Award Program focused on quality, not quantity. Winners are determined based on the information gathered both internally by the USLBA and data provided by third parties.
